Please join singer/songwriter and intuitive counselor Tysa Goodrich for an exploration into the transformative and irrational realms of **creativity** and **intuition**.

**Creativity** can suspend time and space, and lift you to where you feel more alive, more real. It tells the story of who you are, and of who you are becoming. It is the beacon that illuminates your spiritual path, and is key to living an enchanted life.

- \* Interconnecting Intuition and Creativity
- \* Developing a Foundation of Creativity
- \* Defining Intuition and the various ways we can receive guidance
- \* Resistances to using Intuitive Guidance
- \* Personality characteristics of Intuitive People, and of Creative People
- \* Enchantment and the Unknown + \* Meditation

**Intuition** becomes the vehicle that moves you along that spiritual path, to that more of who you are, and provides the fuel for the journey.

From an early age Tysa could sense beyond the familiar, and was highly creative. Following music school, she toured as a rock keyboardist/ singer/songwriter during the late 1970s/ 80s, and she reopened to her intuitive gifts. She began meditating on the road, and devouring every book she could find on dreaming and metaphysical concepts.

In 2000 she established a private practice as an intuitive spiritual counselor and empathic medium in Los Angeles. She has been a guest as well as co-hosted numerous metaphysical radio programs. She moved to Indianapolis in 2016, and now gives intuitive readings at New Age People, and also continues her music career.
